Dear Captain Bearce:

Just a line to thank you for all your help and courtesy during my recent visit to Ft Huachuca. Perhaps even more to congratulate you on the motivation and drive which gave birth to the magazine. That is a real achievement. I know how great are the forces of inertia. I wish you all kinds of success. I very much enjoyed meeting your charming the delightful wife. I hope our paths cross again soon. The sooner the better.

With every good wish and many thanks,

Faithfully,

Vernon A. Walters  
Lieutenant General, USA

Captain Terry D. Bearce, USA
